Research Interest — Human-computer interaction, Information visualization, Chatbots, User-centered design

Education

Seoul National University, Seoul, South Korea
MA in Communications
• Advisor: Prof. Joonhwan Lee, hci+d lab (hcid.snu.ac.kr)
2019.03 ~ 2021.08
(expected)

Seoul National University, Seoul, South Korea
BA in Textiles, Merchandising and Fashion Design
• Cum Laude (GPA: 3.61/4.3)
• Dual Major in Information, Science and Culture
2014.03 ~ 2019.02

Erasmus University Rotterdam, Rotterdam, Netherlands
• Exchange student
2016.09 ~ 2017.01

Korean Minjok Leadership Academy, Gangwon-do, South Korea
2011.03 ~ 2014.02

Professional Experiences

Research Assistant for SNU Big Data Institute
• Assistance for textual data analysis (NLP, Python)
2019.11 ~ 2020.04

Undergraduate Affairs Staff for the Interdisciplinary Major for Information, Science and Culture
• Program director: Prof. Joonhwan Lee, Vice Director: Prof. Hwajung Hong
• Managing undergraduate courses, managing undergraduate students from enrollment to completion of the major, and supporting students and instructors with affairs
2019.09 ~ 2020.02

Game artist for mobile game *Panda-Bee*
2017.12 ~ 2018.05

Research & Project Experiences

Visualization project on disability representation in Korean movies (link)
• Data-driven methods (face++ API), data analysis (Python), interactive visualization (d3.js, HTML/CSS/Javascript), managing project schedule
2020.09 ~
(in progress)

Designing a chatbot for consulting diet program customers
• hci+d lab funded project by *Juvis Diet company (Korea)*
• create user (customer) personas and use scenarios, design chatbot dialogue flow, chatbot prototype QA
2020.03 ~
(in progress)

Designing a chatbot for providing professional support to sexual crime victims
• hci+d lab funded project by *National Police Agency (Korea)*
• create use scenarios, chunk down chatbot dialogues into functional modules, design dialogue flow, chatbot prototype QA, user tests with chatbot prototype and reflect user feedback
2019.09 ~ 2021.04
(in progress)

Fashion designer of SNU Graduate fashion show
2017.05 ~ 2017.10

Publications

Thesis (in progress)

Exploring the effects of narrative visualization story structure on visualization interpretation and engagement

• Assistant of design thinking seminar at National Library of Korea

Honors & Awards	**Graduate student grant**, BK21 FOUR "Educational foundation for open and accountable AI Media"	*2020.09 ~ 2021.02*
	Lecture & Research Scholarship, SNU	*2020.03 ~ 2020.08*
	On-campus work-study program, SNU	*2019.09 ~ 2020.02*
	2nd Prize (Team), 4th Youth CSR Conference CSR Strategy Competition, *UNGC Network Korea*	*2018.11*
	1st Prize (Team), Bachelor's Thesis Presentation Awards, *SNU*	*2018.07*
	Honorable design, SNU Graduate Fashion Show Design Awards	*2017.11*
Leadership & Volunteer Experiences	**Conference student volunteer** at ACM ISS (Interactive Surfaces and Spaces) Conference • Photographer and conference organizer	*2019.11.10 ~ 11.13*
	Student committee in the Interdisciplinary Major for Information, Science and Culture • Student vice president, laboratory assistant, and organizing committee of ISC semester final project exhibition	*2018.05 ~ 2019. 02*
	Volunteer work at Habitat for Humanity, Korea • Student committee of Seoul Nat'l. Univ. College Chapter of Habitat for Humanity	*2014.03 ~ 2016.02*
Skills	NLP (Natural Language Processing) with Python (Intermediate)	
	Data analysis and information visualization with d3.js, HTML/CSS/Javascript (Intermediate)	
	UI design and prototyping with Adobe Illustrator, Photoshop, After Effects, XD (Advanced))	
	UX design research with survey, interviews, contextual inquiry, usability testing, etc.	
	Languages: Native fluency in Korean and English (U.S. citizenship)
